

Fast Dry Gold Size, 4008

Description:

This product is an exceptional self-leveling and fast setting size for use in gold leafing. Designed to retain elasticity. The Fast Dry Gold Size allows gilding to begin in about an hour, and engine turning for up to an additional 8 hours after application.

Surface Preparation:

Apply over clean, dry surfaces which are free from wax, grease, dust, chalk, etc. **WARNING!** If you scrape sand or remove old paint, you may release lead dust. **LEAD IS TOXIC.** Contact the National Lead Information Hotline at 1-800-424-LEAD or log on to www.epa.gov/lead.

Mixing:

No mixing required. Do not stir or shake, otherwise straining may be required.

Thinning:

If a slower dry time and an extended window are desired, this product may be reduced up to 10% with 1 SHOT® 6000 reducer. Do not thin inconsistent with local VOC regulations.

Application:

Quill, brush, roller or spray.

Clean Up:

Clean equipment with 1 SHOT® Brush Cleaner.

Limitations:

Drying time is best when temperature is above 65°F. Do not apply below 50°F.

Important:

While the descriptions, data and information contained herein are presented in good faith and believed to be accurate, they are provided for your guidance only. Because many factors may affect processing or application/use, we recommend that you perform an assessment to determine the suitability of a product for your particular purpose prior to use. No warranties of any kind, either expressed or implied, including fitness for a particular purpose, are made regarding products described, data or information set forth. In no case shall the descriptions, information, or data provided be considered a part of our terms and conditions of sale. Further, the descriptions, data and information furnished here are given gratis. No obligations or liabilities for the description, data and information given are assumed. All such being given and accepted at your risk.

This product is for professional, commercial and industrial use only. See warning and caution statements on label. It is not intended to be used in or around the household. For health and safety considerations, consult the current "Material Safety Data Sheet" for this product.
