

TRANSCO

Powering the World is Our Profession

**Would You Like to Reduce Your Labor
On Every Set of Remote Wired Neon Letters?**

Now You Can!

**Introducing The EWS Transformer Enclosure System
Exclusively from Transco!**

VanguardGFP | **EWS**
POLYLOK TRANSFORMERS | ENCLOSURE WITH SWITCH

The Transco EWS Transformer Enclosure System combines three great Transco products that are pre-assembled and pre-wired. By removing this labor intensive assembly process from your shop, you save valuable time and money.

The Transco EWS Transformer Enclosure System is UL Recognized.

EWS Transformer Enclosure System Includes the Following:

- Transco 18TB-TPO Transformer Box Enclosure
- Transco Vanguard GFP Polylok Transformer (Pre-Installed)
- Transco 20 amp Disconnect Switch (Pre-Wired)
- Assembly Parts and Instructions

**Available For Damp/Dry Location
or Wet Location "W". Specify When Ordering.**
