## PRE-PAINT PRODUCT AND CLEANER

### Product Description:

Silicone, Wax, Grease and Tar Remover - and Paint Prep Product. Removes Decals, Pinstripes, Truck Lettering Glue. Formulated for maximum effectiveness. **GON** will not leave an oily or greasy residue on the surface.

### Surface Preparation:

Wash with soap and water, then dry with a clean wiper.

### How To Use:

#### Paint Prep & Clean-Up

1. Wipe on with a clean rag or wiper.
2. Wipe off with a clean, dry cloth before GON is dry.

#### Decal Remover:

1. Wipe on with a clean rag or spray on with aerosol.
2. Let "work" for two (2) minutes.
3. Start the edge of the letter, decal, or stripe with a plastic putty applicator.
4. Peel off the letter, decal, or stripe.
5. Reapply GON on the remaining flue or adhesive.
6. Let "work" for 60 seconds.
7. Wipe off the adhesive with a clean rag or wiper.

**CAUTION** should be exercised on suspected, critical surfaces
